The List II

Sorry I did not put
my name on the first
list.

In the Beginning
Wetness was and
Water was alone.
But in time Water
saw fit to create the
Oyster race to serve
its purpose in our
realm. The children of
Wetness' will were
the ancient Oysters,
Blueish, Nightish,
Tough the Oyster.
Of the Ancient
Oysters we know of
Pinkish Oyster, and
two others whose
names have remained
secret to this day and
are probably lost until
the end of our
world. Blueish started
his family line, those
who worship and
summon the dreaded
Fish and Shellfish
in our realm. Nightish
was the only
Black Were Oyster
to exist in our realm
and his fate and the
fate of his future line
is not known to
day. Toughs' blood
became the Black
Were Oyster Line to
this day. And
Pinkish Oyster
started his line of
baby biters called the
pinkish were oysters
baby biters.
